No. ANUR/CDC/Circular/2020-21/32

Date:19.03.2021

## CIRCULAR

I wish to bring to your notice that Hon'ble Vice-Chancellor has directed and motivating all the Colleges which ever are having MCA/MBA/B.Sc(Computer Science/MPC/MPCS), BCA and any other course students to apply/register for the NASSCOM(The National Association of Software and Service Companies) Future Skills Certificate Program in association with Ministry of Electronics & IT, GoI, C-DAC, AICTE, APSSDC (<https://futureskills.nasscom.in/>) which is at FREE OF COST.

As per NASSCOM portal, this Program is the first of its kind that the government and the Industry partnership to drive a national skilling ecosystem for the digital technologies. These certificates are recognized by Industries. The initiative focuses on building technology skills spanning 155+ skills for 70+ Job roles in 10 emerging technologies and 10 non-tech skills.

11:17 AM 2/19/2021

Whether you are in IT, Manufacturing, Healthcare, Telecom, Banking, Agri-Business, Automotive, or any other sector, everyone needs to understand the impact of digital technologies.

The demand for skilled professionals in IoT Technologies will grow by 42% in 2024. Not only IoT but there are future technologies like Robotic Process Automation, Cyber Security, Big Data Analytic, Cloud Computing, 3D printing, Artificial Intelligence etc., in which skills are to be developed.

Hence, Hon'ble Vice-Chancellor is very particular in encouraging the students to take up these courses which are offered at free of cost for the students of not only technical and management background but also to all students who are studying relevant subjects as now-a-days every domain is related and linked with technical aspect. To increase the employability skills, he directs all the Principals to make students register in the link:

**[https://futureskillsprime.edcast.com/log\\_in?utm\\_source=futureskillsprime.in&utm\\_medium=Website&utm\\_campaign=FSPWebsite](https://futureskillsprime.edcast.com/log_in?utm_source=futureskillsprime.in&utm_medium=Website&utm_campaign=FSPWebsite)**

Hence I am by direction inform you that all Principals are directed to see that maximum students are registered and avail this opportunity for their benefit and career prospect.

After registrations, please inform the same data to CDC (for which we will send Google form in the next mail) in couple of days i.e., by 22nd March 2021 as the registrations will close by 31st March 2021. As APSICHE is in inquiring about the number of registrations from each college we will send the same data APSICHE.

Please see that the same data is displayed in your Notice Boards for wide awareness and hence registrations.
