

One of the two Vision statements of the College is 'to equip the students with the knowledge and skills to meet the present day challenges of the competitive world and prepare them for a useful and meaningful life'. The College is located in a semi-urban area and caters to a lot of surrounding rural areas. The students come from a widely varied backgrounds and the College blends them, mends them and nurtures them into vibrant youth sensitive, energetic and ready to serve the society. Besides offering the best teaching in the specified curriculum and suitably chosen add on and certificate courses, the College has established facilities for special coaching in spoken English, training in yoga and meditation, training in communication skills, soft skills and employability skills, special drives for career guidance and personality development, coaching for competitive exams and Job Melas as well as Campus Placements. In order to cater to most of the activities listed above, a dedicated Human Resource Development Centre was established in the campus. The College also has Research Centre in Management Studies, two good libraries, an exclusive Yoga and Meditation Centre, a unique Gandhian Studies Centre, an active Community Service Centre, two Units of National Service Scheme, National Cadet Corps Units of Army and Navy and a well equipped gymnasium, Play ground, Indoor Shuttle Court, Basket ball Court, Tennis Court, Volley ball Court providing a multi dimensional scope of personality growth through joining any one or a few of the wings stated. Students play a vital role in the College administration through Students Council and they get opportunity to display their leadership skills during the annual events such as Sports Day, Independence Day, Republic Day, Graduation Day and Annual Day celebrations. A dynamic feedback mechanism from the students will have an impact in the decisions of Board of Studies. Students' participation is the lifeline for Cultural Committee, Magazine Committee and Anti-ragging drive and various Departmental clubs. They are encouraged to actively participate in the Departmental Seminars, National Seminars and Workshops. They are also exposed to eminent personalities in various fields, subject experts, spiritual gurus and motivational speakers during the periodically organised guest lectures and colloquia. The College has a very effective student mentoring mechanism that ensures a personalized care and ushers in an affectionate bond between the teachers and students. This in fact is the reason for a strong Alumni engagement too. The overall environment and culture of the

College is set to enrich human values and holistic development of the personality. Patriotism is infused by setting the National Song “Vande Mataram” as prayer song of the College. The entire campus comes to a standstill as a mark of respect when it is played daily sharp at 9 AM. The students are thus provided with adequate facilities and opportunities to receive the necessary skills along with values to enter the Society with energy and knowledge to meet the challenges of the present day’s competitive world.
