From Principal Desk...

I would like to give a brief account of Academic Activities of our College for the period June, 2020 to November, 2020. In an unprecedented way, this year has been affected by the COVID-19 Lockdown. The lockdown challenge however opened up new opportunities for all the teachers to upgrade their digital skills.

The entire faculty Members took up the online mode of taking classes to the students by creating the whatsapp groups and through the zoom platform. Thus a novel practice, hitherto unknown, has come to stay as a promising teaching method. The examinations and Offline classwork which were essential such as practicals were conducted in October, 2020.
