“Walk and Talk”(Outdoor Activity)

This activity is designed to improve interaction skills among students. A set of students were divided into walkers and talkers. Talkers held a placard in their hand with a topic, for example:- Food, books, sports, movies, hobbies etc. Walkers interact with talkers on the topic which is mentioned on the placard. After a minute walkers move to the next topic and talkers remain in the same position. The only rule in this activity is students should interact in English. With this activity we encourage and involve
