ABOUT THE COLLEGE

Narsapur, a small semi - urban coastal town is situated on the banks of sacred river Vasishtha Godavari in West Godavari District of Andhra Pradesh. Sri Yerramilli Narayana Murthy College, Narsapur was established in the year 1949 with the noble cause of serving people in the field of higher education. It is one of the oldest colleges in West Godavari District and has a prestigious history. It attained the status of a full-fledged Degree college in 1956 and has been elevated to Post Graduate level in the year 1989-90. With the untiring efforts of our present Secretary & Correspondent Dr.C.Satyanarayana Rao, our college flourished with overall progress. The College celebrated Diamond Jubilee in 2010.

Our College has been accredited by NAAC Thrice at "A" grade. Our College has been selected for the award of "College with Potential for Excellence" sponsored by UGC.

Since its inception, our college has been developing progressively with excellent and impressive infrastructure such as Administrative Block, Physical Sciences Block, Biological Sciences Block, MBA Block, MCA Block and Separate Library Buildings & Computer Labs for UG and PG; well equipped Science Laboratories, Language Labs and Commerce Lab for the overall development of our students. Gandhian Studies Centre sponsored by UGC, Women Empowerment Cell, Jawahar Knowledge Centre(KC), HRD Centre, Yoga & Health Centre, Two E-Class Rooms, PG Seminar Hall, Two Solar supported decent women's hostels, a spacious Play Ground, Indoor Stadium, Multi Gym and Auditorium. With the valuable support, guidance and assistance rendered by Adikavi Nannayya University, UGC, AICTE, Commissioner of Collegiate Education.

(CCE) and other educational authorities, the college evolved as a premier institute of Higher Education.

The College is offering 5 PG courses - MBA, MCA, M.Sc (Organic chemistry), M.Sc (Mathematics) & M.A(English), 17 UG courses, 7 Intermediate Courses, B.Ed and D.Ed. The present student strength of the college is about 3100.

OBJECTIVES

Technologies such as Cyber Security, Big Data Analytics present significant opportunities for people, business and the broader economy.

CYBER SECURITY

Cyber Security refers to the body of technologies, processes and practices designed to protect networks, devices, programs and data from attack, damage or unauthorized access. The scope of Cyber Security expands to the security of IT systems within the enterprise as well as to the broad digital networks upon which they rely including cyber space itself and critical infrastructures.

Cyber Security has imperative role in the development of information technology as well as Internet services. The following are the fewer threats to Cyber Security, which are Ransom ware, Phishing, Social engineering and malware etc.

BIG DATA ANALYTICS

Big Data is high volume, velocity and variety of information assets that demand cost-effective, innovative forms of information processing for enhanced insight and decision making. Big data analytics is used to discover hidden patterns, market trends and consumer preferences for the benefit of organizational decision making.
